Consulting for Corporates, Business & Industries

With over 18 years of experience in the field of astrology and studying over 25,000 birth charts of people from various businesses & industries, we have achieved an unmatched accuracy rate of over 90% in our dasha analysis, we have achieved a great level of insight into the effects of Birth Chart Planets and Dasha Periods of promoters upon their business.

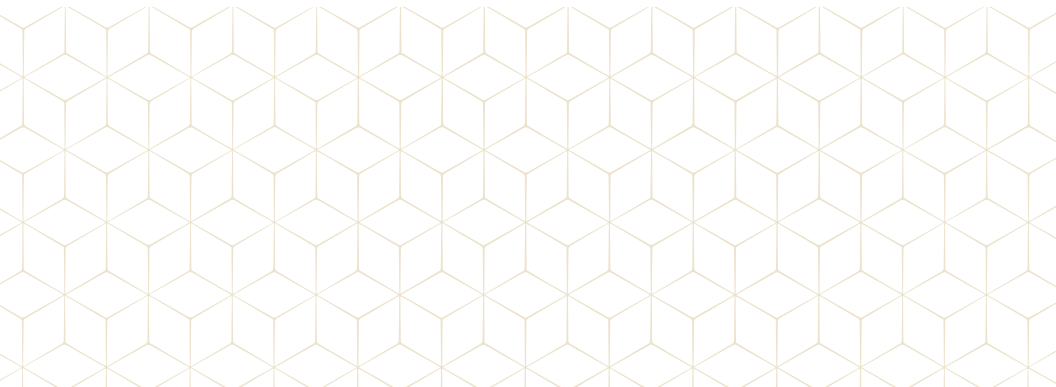

We offer astrological consulting for the following:

1. Unable to reach full production capacity due to low orders within domestic and international markets
2. Loans and interest burdening your balance sheet
3. Reduction in profit causing lack of confidence among investors
4. Not being able to source raw materials or unable to obtain credit from suppliers
5. Trouble selling your products even though they are superior than your competitors
6. Consumers unwilling to purchase your products

7. Issues with labour and managerial staff
8. Differences among top management
9. Legal Troubles
10. Lack of confidence among investors, reduction in brand value or low share prices due to any of the above mentioned issues
11. Astrological viewpoint on significant business decisions

Our scientific astrology consulting services with unmatched accuracy of analysing the birth charts of Developers along with suitable remedies can prove to be greatly beneficial for your business and aid you in making significant business decisions with great confidence.
